Parasols for the food service industry and hotels

CARAVITA

Your partner for professional sun and weather protection

Spending time with friends and family, in the garden, eating and celebrating are often the best moments. As early as spring, when the first warm rays of sunshine lure us outside, we want to enjoy additional comfort. Sophisticated trend products in the field of sun and weather protection are indispensable for leisure outdoors. They make it possible to create new favourite places and make outdoor living a year-round pleasure.

CARAVITA's high-quality parasols and sun sails provide pleasant, cooling shade and, depending on the fabric used, protection from UV radiation. Thanks to comfortable extras such as LED and radiant heaters, you can create a cosy atmosphere and unforgettable evenings.

We are proud to work with you to transform individual sun and weather protection solutions into new and unique favorite outdoor spaces.

Whether in restaurants, hotels, kindergartens, swimming pools, or your private garden — CARAVITA stands for robust, custom-made sun protection solutions that have been valued by customers around the world for over 25 years.

More than just a sun shading system

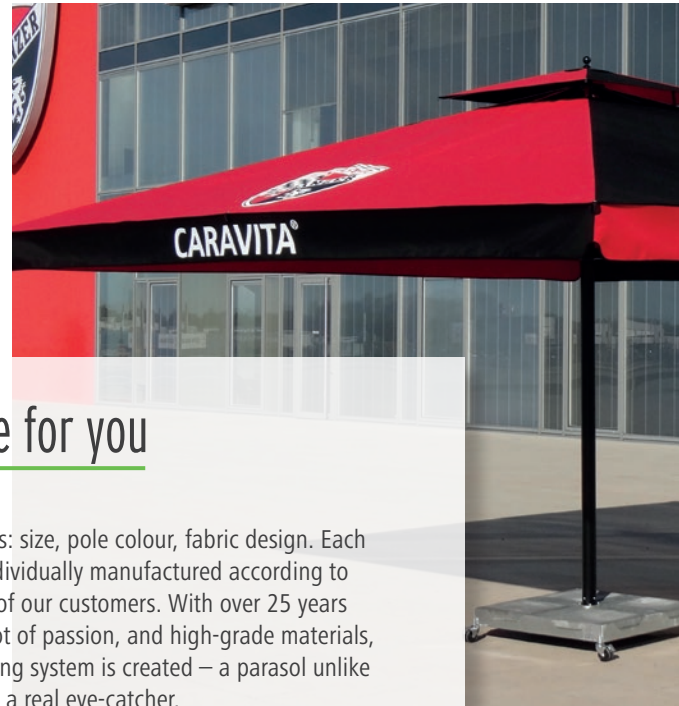

Your CARAVITA parasol is far more than just a cosy way to provide shade for your guests. Benefit from:

- ✓ **Outdoor dining even in changeable weather**
- ✓ **Extended outdoor dining season**
with an electric radiant heater and LED lighting
- ✓ **Advertising space** with parasol print
- ✓ **Additional seating** with Multicube parasol bases
- ✓ Eye-catcher thanks to freely selectable shape and colour design
- ✓ Protection against UV rays

CARAVITA - A parasol unlike any other

Handmade for you

The choice is yours: size, pole colour, fabric design. Each parasol is then individually manufactured according to the requirements of our customers. With over 25 years of experience, a lot of passion, and high-grade materials, your unique shading system is created – a parasol unlike like any other and a real eye-catcher.

The material makes all the difference

Reinforced struts, a solid hub and a mast with a diameter of up to 120 mm and a wall thickness of 5 mm support stability and durability.

Inspiration

A retractable screw-in ground anchor provides a secure footing and helps prevent tripping hazards.

Martinsbräu Beer Garden, Marktheidenfeld

Located directly on the idyllic banks of the River Main, the local brewery's beer garden invites guests to relax and enjoy the surroundings. Four Big Ben parasols measuring 4 x 4 metres create a harmonious overall look with their customised colour scheme and branded printing in the brewery's distinctive style, while providing protection from the sun and in changeable weather.

Extra-long, removable valances provide glare protection from the low evening sun.

Das KEHRS, Erfurt

The hotel on the Petersberg in Erfurt unites a modern, cosy ambient with an attractive position and gourmet restaurant. The unique view down over the city can be enjoyed in all its beauty, especially from the hotel patios. In order to make the patios as comfortable as possible for guests, the Kehr family have installed high-grade parasols to provide a pleasant backdrop for good vibes.

The PEBERG restaurant on the ground floor of the hotel also runs a bar on the roof terrace. The indoor and outdoor restaurant areas have space for 80 guests each.

LED lighting and patio heaters create a cosy atmosphere in the evening.

A wind vent and different mast lengths ensure a harmonious appearance.

Hotel Alpenhof, Oberstdorf

Three majestic Big Ben Freestyles with the individual shape of the canopy are the perfect addition to the environment and hotel facade, and provide a unique ambiance on the hotel patio of this highly popular Best Western. Specialists from CARAVITA worked closely with the local specialist partner and the hotelier to come up with a solution. Ever since, the sturdy shading system has provided a cosy atmosphere for guests during breakfast, lunch and at evening events.

Your Big Ben Freestyle is custom-made to your site requirements.
